September 2008

The Assessor’s Office is once again requesting the production information of your cropland.

RCW 84.34.121 States the assessor will require owners of land classified under this chapter to submit data regarding the use of the land, productivity of typical crops, and such similar information pertinent to continued classification and appraisal of the land.

If you have land that is farmed by a party other than yourself, please coordinate the reportings with them so that we don’t duplicate information.

Please submit the following information for each section or portion of a section you currently farm. (For CRP acreage, please include acreage and year to be removed).

Twn	Rng	Sec	Type of Crop	# of Acres in each Crop		Production Per Acre		Additional Information
