

**BEFORE THE BOARD OF COUNTY COMMISSIONERS
LINCOLN COUNTY, WASHINGTON**

**IN THE MATTER OF THE ADOPTION)
OF A POLICY FOR) RESOLUTION 20-41
GREENHOUSE GAS REDUCTION)**

WHEREAS, the Board of County Commissioners of Lincoln County having convened in Regular Session, in their office at the Lincoln County Courthouse this 8th day of September, 2020, with all members present; and

WHEREAS, the Board finds many local governments are reducing the production of pollutants through programs that provide economic and quality of life benefits intended to reduce energy bills, preserve green space, improve air quality, promote transportation choices, and sponsor economic development through energy conservation and creation of new energy sources; and

WHEREAS, the Board finds the people of Lincoln County will gain from policies and procedures that benefit its natural resources and reduce greenhouse gas emissions; and

WHEREAS, the various funding authorities have made adoption of a greenhouse reduction policy a prerequisite to application submittal;

NOW, THEREFORE, BE IT RESOLVED that the following policies and procedures are adopted:

- All new publicly funded buildings should include cost-effective, energy-efficient design;
- All existing public buildings should be retrofitted with energy efficient applications as opportunity and funding allow;
- County employees are encouraged to employ conservation measures;
- The County lighting system should be upgraded with energy efficient technology;
- The County should pursue recycling as part of its solid waste strategy;
- The County should maintain a water conservation program.

DATED at Davenport, Lincoln County, Washington, this 8th day of September, 2020.

ATTEST

Clerk of the Board – Shelly Johnston
